

# Dutch Fluid Power Conference 2016

November 10<sup>th</sup> 2016

The Netherlands

## *System architecture in hydraulics (Design)*

- >> Attendance fee: € 275 excl. VAT
- >> Early bird attendance fee: € 245 excl. VAT  
(registration before July the 1<sup>st</sup> 2016)

Location:  
**CineMec Ede**  
**The Netherlands**

(1 hour traveltime  
from Schiphol Airport  
by car or railway)

## This 7<sup>th</sup> edition of the Dutch Fluid Power Conference aims to share knowledge on system approach and its architecture in innovative hydraulics

In a collaborative environment manufacturers, experts, system designers, end-users, engineers and students are brought together. As the conference is aimed at participants throughout Europe the presentations are in English.

- Increase knowledge on system approach and its architecture in hydraulics.
- Learn about early-phase project choices and its effect on the final functionality.
- Share experiences in system approach.
- Meeting and networking with peers from the fluid power industry.

Make sure you do not miss this biannual event and apply now! Scan the QR-code or register at [www.dfpc.nl](http://www.dfpc.nl).
